Hello YAG team,

I was honored to be on the main scholarship recipients of YAG 2019 and I would like to send you a quick update on my college career. I'm currently in my second year of studies at Kansas City Art Institute. I still love to create art using fabric as my main medium but have been concentrating more on functional pieces within the home setting. During my time here at KCAI I have had the opportunity to work with looms and industrial sewing machines. Being a recipient of the YAG scholarship allowed me to experience working with these new tools and I am forever grateful.

I've included a couple of pictures below of my work in progress and some of my favorite pieces this year.

I want to thank you once again and congratulate the Woman's Club of Coconut Grove for sponsoring the YAG program and all the support it provides to young artists

Sincerely,
Cassandra
