

Update

Hi my name is Enya Fontanills, I received a scholarship from YAG last year that helped me start my career as an artist. Thanks to this fundraiser I was able to afford joining the California College of the Arts community on a full ride scholarship. I am now making the best out of the Californian arts education system. I am still sticking to acrylics for the most part but experimenting with all types of new medias in one of the most inspiring environments for the arts; I couldn't be more thankful.

Sincerely,
Enya Fontanills
